# WHAT TO DO IN AN ART GALLERY

---

**LOOK** This may seem pretty obvious, but it is so important that it is worth calling special attention to. Allow yourself to take the time to slow down and look carefully. Notice the details, colors, lines, shapes, materials, and layers.

*Really take it in.*

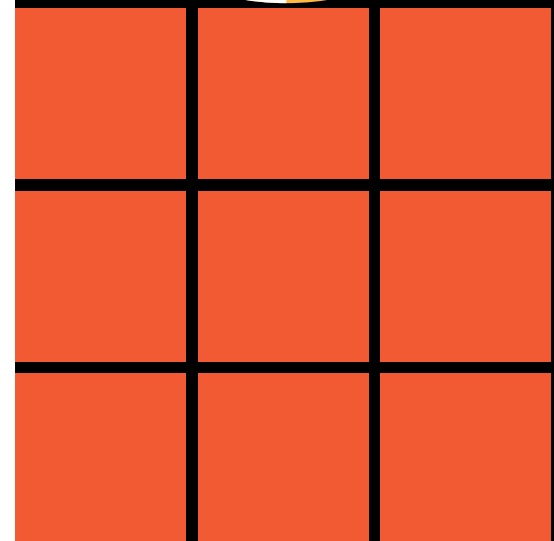

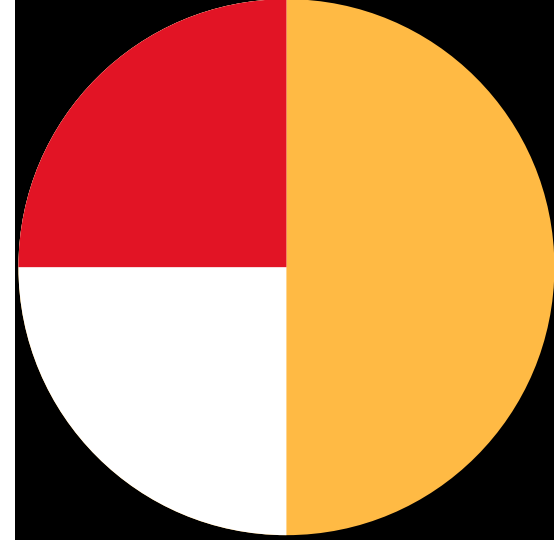

---

**ANALYZE** Ask questions about the work. What symbols, figures, patterns, objects, and settings do you recognize? *How do they fit together to tell a story?*

---

**INTERPRET** What can you learn from the work? Make assumptions. Ask questions like:

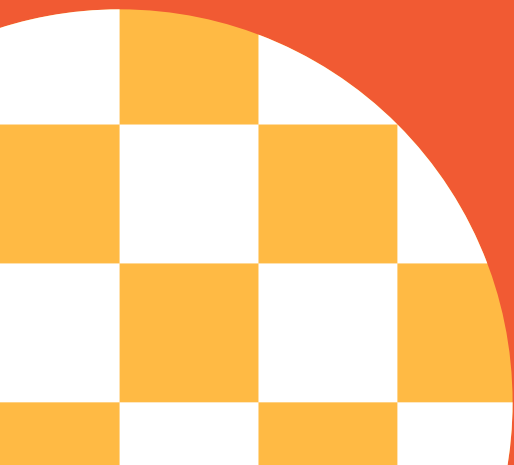

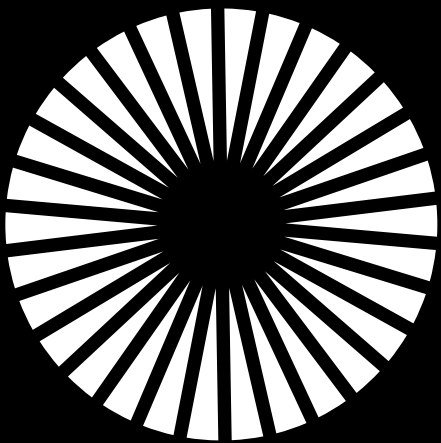

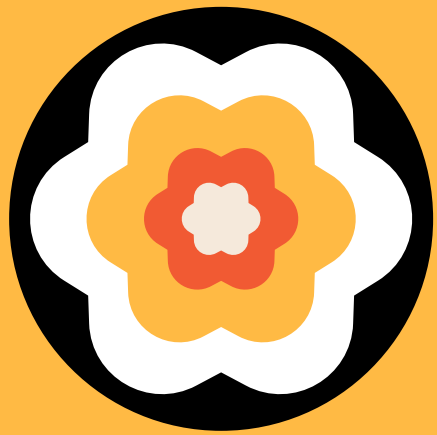

- What does the artist wish to communicate to me?
  - Why does this artwork make me feel this way?
  - Does this artwork remind me of anything in my life?
- 

# ART CRITIQUE

---

Select one piece of artwork in the galleries.  
Look at it closely, then answer these questions:

- What was your first reaction to this artwork? Why do you think you had the reaction?
  - What adjectives would you use to describe this artwork?
  - What do you think the artwork is about?
  - How does the artwork make you feel?
  - Is there anything about the artwork you would change if you were the artist?
  - How might you feel differently about the world after looking at this artwork?
